The Struggle for America's Promise Claire Goldstene, 2014-04-17 In *The Struggle for America's Promise* Claire Goldstene seeks to untangle one of the enduring ideals in American history that of economic opportunity. She explores the varied discourses about its meaning during the upheavals and corporate consolidations of the Gilded Age. Some proponents of equal opportunity seek to promote upward financial mobility by permitting more people to participate in the economic sphere thereby rewarding merit over inherited wealth. Others use opportunity as a mechanism to maintain economic inequality. This tension embedded with the idea of equal opportunity itself and continually reaffirmed by immigrant populations animated social dissent among urban workers while simultaneously serving efforts by business elites to counter such dissent. Goldstene uses a biographical approach to focus on key figures along a spectrum of political belief as they struggled to reconcile the inherent contradictions of equal opportunity. She considers the efforts of Booker T. Washington in a post-Civil War South to ground opportunity in landownership as an attempt to confront the intersection of race and class. She also explores the determination of the Knights of Labor to define opportunity in terms of controlling one's own labor. She looks at the attempts by Samuel Gompers through the American Federation of Labor as well as by business elites through the National Association of Manufacturers and the National Civic Federation to shift the focus of opportunity to leisure and consumption. *The Struggle for America's Promise* also includes such radical figures as Edward Bellamy and Emma Goldman who were more willing to step beyond the boundaries of the discourse about opportunity and question economic competition itself.

The Samuel Gompers Papers Samuel Gompers, 1986 Volume 10 of the *Samuel Gompers Papers* focuses on the AFL's struggle to serve the nation and the labor movement during the critical period when American neutrality gave way to war. Beginning with Gompers' last minute effort to persuade German workers to avoid war with the United States it follows the labor movement's internal debate over the meaning of American participation and the Executive Council's pragmatic and in some cases reluctant pledge of support offered just weeks before war was declared. This volume also charts the evolution of a new relation between organized labor and the federal government. Acknowledging organized labor's vital role in the war effort government now supported labor adjustment boards that upheld the eight-hour day, equal pay for equal work, and labor's right to organize and bargain collectively with employers. As organized labor's main spokesman in Washington Gompers played a central role in the development of wartime labor policies with an eye to increasing production, reducing industrial conflict, and advancing labor's wage and hour standards.

Maker Patricia Ann Cooper, 1987 Patricia A. Cooper charts the course of competition, conflict, and camaraderie among

American cigar makers during the two decades that preceded mechanization of their work In the process she reconstructs the work culture traditions and daily lives of the male cigar makers who were members of the Cigar Makers International Union of America CMIU and of the nonunion women who made cigars under a division of labor called the team system But Cooper not only examines the work lives of these men and women she also analyzes their relationship to each other and to their employers during these critical years of the industry s transition from hand craft to mass production

Legislative Deferrals and Judicial Policy Making in American Labor Law George I. Lovell,1997 The four case studies also suggest that passage of legislation cannot always be taken as an indication of Congress s commitment to a particular policy outcome or of the political strength of the organized groups that sponsor legislation Participants in legislative processes are often more concerned with the effect of a statute on the way interest groups are organized than with a statute s immediate effects on policies
