George Henry Tavard

Vision Of The Trinity:

The Mystery of the Trinity Boris Bobrinskoy,1999 Faithful to the doctrinal tradition of the Orthodox Church this work reflects the thought of the Eastern Fathers from the time of the Apostles to the end of the Byzantine Era He reflects them both in the unfolding mystery of the Trinity through worship and the sacraments and in giving Scripture an important place

The Vision of the Trinity George Henry Tavad,1981 An interdisciplinary approach this book researches the Christian tradition of belief in the Trinity in four areas 1 the New Testament 2 the arts of painting and sculpture 3 theological speculation and 4 mystical experience The Vision of the Trinity George Henry Tavad,1981

The Mission of the Triune God Adam Dodds,2017-07-31 Lesslie Newbigin was arguably the greatest missionary thinker of the twentieth century After a successful missionary career in south India Newbigin pioneered missionary engagement with the secular West and resurgent Islam He also led the way in arguing that the Church s mission can only be understood in light of the doctrine of the Trinity Over fifty years ago Newbigin called for the further development of missionary thinking grounded in the Triune being of God This work is in response to that call Adam Dodds provides the first in depth study of Newbigin s trinitarian theology of mission Dodds constructs a systematic account of the central features of the mission of the Triune God the Triune being of God the mission of the Son the mission of the Holy Spirit and the mission of the church This book contributes to our understanding of the work of Lesslie Newbigin offers a systematic theological account of the mission of the Triune God and contributes to the retrieval of Christian mission from the theological margins back to a place of central importance to Christian theology

Transcending Mission Michael W. Stroope,2017-02-28 Is the language of mission clearly evident across the broad reaches of time Or has the modern missionary enterprise distorted our view of the past Michael Stroope investigates how the modern church has come to understand speak of and engage in the global expansion of Christianity offering a hopeful way forward in this pressing conversation A select library of the Nicene and Post-Nicene fathers of the... Philip Schaff,1887 Julian of Norwich Kevin Magill,2006-07-13 Julian of Norwich was a fourteenth century woman who at the age of thirty had a series of vivid visions centred around the crucified Christ Twenty years later while living as an anchoress in a church she is believed to have set out these visions in a text called the Showing of Love Going against the current trend to place Julian in the category of mystic a classification which defines her visions as deeply private psychological events this book sets Julian s thinking in the context of a visionary project used to instruct the Christian community Drawing on recent developments in philosophy that debate the objectivity and rationality of vision and perception Kevin J Magill gives full attention to the depth and richness of the visual language and modes of perception in the Showing of Love In particular the book focuses on the ways in which Julian presented her vision to the Christian society around her demonstrating the educative potential of interaction between the isolated anchoress and the wider community Challenging Julian s identification as a mystic and solitary female writer this book argues that Julian engaged in a variety of educative

Overflow Michael Reeves, 2021-07-06 What does the Trinity have to do with missions As it turns out everything Too often we put theology in one part of the Christian life and missions in another and they never meet A doctrine like the Trinity belongs in the intellectual realm while missions belongs with the practical parts of life Or so we think But is that really the way it should be Michael Reeves wants you to understand that the doctrine of the Trinity has everything to do with the practice of missions When a Christian sees the Father Son and Holy Spirit as divine persons who are so full of love that it radiates and overflows into creation and into the lives of human beings our perspective on missions is radically changed No longer is missions an obligation or a drudgery Instead realizing the abundance of love that goes forth from God we who have received and delighted in such love are motivated to go forth as well Let the radiance of God s triune beauty capture your heart Then God s great mission won t be a chore but will naturally overflow from your joyous delight in Him The Trinitarian Theology of Jonathan Edwards Steven M. Studebaker, Robert W. Caldwell Iii, 2016-02-24 While Jonathan Edwards scholars have increasingly recognized the central role that the Trinity played in his thought no work brings together Edwards central texts on the Trinity and interprets and applies them to contemporary theological issues This book reveals how the doctrine of the Trinity transformed Edwards ministry and how the Trinity can inform current evangelical thought life and ministry Key primary texts interpretation and application of Edwards trinitarian theology are all presented here Part one features Edwards chief trinitarian writings and provides an in depth analysis on his doctrine Part two sets Edwards trinitarianism in historical context Part three demonstrates how Edwards employed the Trinity in his sermons in spiritual formation and in other areas of doctrine **The Doctrinal Treatises** St. Augustine of Hippo, 2017-08-31 The most weighty of the doctrinal treatises is that on the Holy Trinity The Latin original De Trinitate contra Arianos libri quindecim is contained in the 8th volume of the Benedictine edition It is the most elaborate and probably also the ablest and profoundest patristic discussion of this central doctrine of the Christian religion unless we except the Orations against the Arians by Athanasius the Father of Orthodoxy who devoted his life to the defense of the Divinity of Christ Augustine owing to his defective knowledge of Greek wrote his work independently of the previous treatises of the Eastern Church on that subject He bestowed more time and care upon it than on any other book except the City of God Besides this treatise the following works are included The Enchiridion or On Faith Hope and Love On the Catechising of the Uninstructed Treatise on Faith and the Creed Concerning Faith of Things not Seen On the Profit of Believing On the Creed A Transforming Vision George Westhaver , 2018-01-31 The study of Christian theology in the last half century has seen a major renaissance in Trinitarian thought which has attempted to connect Trinitarian theology to all aspects of Christian faith and practice This revival has often addressed the unfortunate split which has haunted much modern theological endeavour between theology and both
