**(ENTIRE BOOK)** An inquiry into what is distinctive in Christianity and into its claim to finality.

## **Preface**

If the conclusions of this study are accepted, the understanding of the nature and function of the theological enterprise as a whole will be affected. In this and in other ways this book constitutes critical conversation with other current theologies.

## **Preface to the University Press of America Edition**

Written in the sixties, this books was made available again in the nineties. Cobb confesses that changes have come about in his thoughts of the linear view of human progress, the rise of feminism and his critique of existentialism.

## **Chapter 1: Introduction**

Since the breakdown of supernaturalism, the claims of Christianity to uniqueness and to finality have continued, but they have required justification.

## **Chapter 2: The Psyche**

A presentation of ontological and psychological ideas that underlie the descriptive treatments of the several structures of existence.

## **Chapter 3: Primitive Existence**

**The Structure of Christian Existence** John B. Cobb, 1968-01 (jr.), 1968 *The Structure of Christian Existence* John B. Cobb, 1979 John William Bennison, 1975 **The Christian Life** C. F. Paulus, 1892 **The Conceptualisation of the Christian Life in John Henry Newman's Parochial and Plain Sermons** Marcin Kuczok, 2014-03-17 This book analyses the conceptual mechanisms behind the notion of The Christian Life in the collection of sermons preached by John Henry Newman 1801 1890 and published in eight volumes as Parochial and Plain Sermons 1834 1843 The study utilises tools of cognitive semantics such as the theory of conceptual metaphor and metonymy and the theory of conceptual integration Cognitivism offers an integral perspective on language and is gaining in popularity among scholars in the whole world The book identifies a number of metaphorical models of The Christian Life in Newman s sermons based on structural metaphors such as A Journey A Race A Trial and Family Life as well as some models based on ontological metaphors such as animalisations The Sheepfold metaphor vegetalizations the Christ is a Plant metaphor and reifications The Gift metaphor Each of the models constitutes a coherent set of metaphors metonymies and metaphonymies present throughout the whole of Newman s Parochial and Plain Sermons It is also shown that the conceptualisation of The Christian Life is based on conceptual blending between conventional metaphors functioning in everyday English and the transcendental conceptual domain of Christianity The book will be of interest to linguists particularly those interested in cognitive linguistics as well as to theologians especially those focused on the theory of preaching and to everyone interested in the legacy of John Henry Newman *The Christian Life* ,1887 **Rationality, Humility, and Spirituality in Christian Life** Dennis Hiebert, 2020-02-27 As Euro American culture turns resolutely away from religiosity toward spirituality and becomes increasingly post Christian the ordinary everyday practice of Christian life is ever more questioned and in need of scrutiny In this interdisciplinary analysis Christians are first called to comprehend the excessive rationality that modernity has built into both the cognitive and organizational structure of contemporary Christian life They are then summoned to personify an authentic attitude of humility and in particular the virtue of intellectual humility that is most challenged and tested by religious convictions Going forward Christians are subsequently invited to live their faith more as an internally differentiated and open spirituality rather than an externally determined and regulated religiosity When we exhaust our rationality and are confronted with its limitations we are humbled by our finitude and animated by our spirituality **Christ in Evolution** Ilia Delio, 2008 Ilia Delio goes beyond the debate on evolution and intelligent design to reveal the Christ who is at the center of our lives in a complete universe She draws on mystics and theologians to locate the love of God at the heart of a total redemptive process not just physical but cosmic cultural spiritual and taking place in human consciousness Along the way she offers surprising insights on issues such as artificial intelligence technology the search for extraterrestrial life and most of all the meaning of Christ in our lives and our

role as co creators Christ in Evolution is not an argument but a way of seeing the universe and our place in it with a vision that is ancient but ever new

**Existential Theology** Hue Woodson,2020-09-29 Existential Theology An Introduction offers a formalized and comprehensive examination of the field of existential theology in order to distinguish it as a unique field of study and view it as a measured synthesis of the concerns of Christian existentialism Christian humanism and Christian philosophy with the preoccupations of proper existentialism and a series of unfolding themes from Augustine to Kierkegaard To do this Existential Theology attends to the field through the exploration of genres the European traditions in French Russian and German schools of thought counter traditions in liberation feminist and womanist approaches and postmodern traditions located in anthropological political and ethical approaches While the cultural contexts inform how each of the selected philosopher theologians present genres of existential theology other unique genres are examined in theoretical and philosophical contexts particularly through a selected set of theologians philosophers thinkers and theorists that are not generally categorized theologically By assessing existential theology through how it manifests itself in genres this book brings together lesser known figures well known thinkers and figures that are not generally viewed as existential theologians to form a focused understanding of the question of the meaning of existential theology and what existential theology looks like in its varying forms
