Truant, 2020-11-03 A brand new novel written in the BLOCKBUSTER BESTSELLING and READER LOVED Alien Invasion universe While Las Vegas burns John Abbot is on fire What s a Gambler to do when the kind of winning streak he s only ever dreamed about hits just as aliens invade and it looks like the world is coming to an end Even while Las Vegas catches fire all around him John Abbot decides to let it ride For the first time in his life it feels like he can do no wrong But it s gonna take more than a boatload of chips to survive the alien apocalypse It might even require him to pull together the motley crew of left over lowlifes and Vegas vagabonds to embark on a high risk crusade In order to get a dying alien to Area 51 and hopefully save the world John s only hope is a disillusioned showgirl a snarky comedian a cynical slot machine junkie and the rest of the Las Vegas leftovers Unless they die and destroy the universe along the way It s a race against time as the aliens arrive in this new stand alone book in the Alien Invasion universe **The Serene Invasion** Eric Brown, 2013-04-30 In 2025 the Serene arrive from Delta Pavonis V and change mankind s destiny forever The gentle aliens bring peace to an ailing world a world riven by war terrorism and poverty by rising conflicts over natural resources and offer an end to need and violence But not everyone supports the seemingly benign invasion There are those who benefit from conflict who cherish chaos and they will stop at nothing to bring back the old days When Sally Walsh is kidnapped by terrorists and threatened with death it seems that only a miracle can save her life Geoff Allen photo journalist is contacted by the Serene and offered the opportunity to work with the aliens in their mission For Sally Geoff and billions of other citizens of Earth nothing will ever be the same again *The Moonians* Irfan A. Karowalia, 2021-01-28 Fast forward to the year 2050 to a world that s forgotten the true meaning of conflict War is an alien concept Little do they know things are about to change and alien is the operative word A contrived peace reigns in this age of space an existence that would be unrecognisable to predecessors just decades before Be prepared to hold onto your seat as this futuristic thriller hurtles through space at a speed faster than light There is brave Lieutenant John who questions his role in this state of unnatural peace and calm He expresses his unease at getting paid for passing time in useless exercises General Edward admires his lieutenant s outspoken attitude He reminds him that it is all about fail to prepare prepare to fail Secretly he understands where Lieutenant John is coming from and like him wonders what their role in this oddly tranquil existence is They won t have to wonder for long There s trouble brewing and it s beyond stratospheric Little do the general and his right hand man know that humankind and Earth are about to experience a threat unparalleled in the history of its existence The peace is about to be broken and it s without an arrow or missile being launched or even a single bullet being fired It s a war no one could ever imagine In this scenario of global peace there s another development that has left the world vulnerable every disease has been eradicated and the medical profession is fast becoming defunct Technology is king bees are equipped with microscopic trackers there s a research station on Mars and most households own aeroplanes There is little or no place for doctors in this space age Someone is watching out there

Watching for the right moment to strike in the most unexpected way Waiting for Earth to be well and truly lulled into a sense of false security This alien invasion has a three staged master plan firstly by enslaving humans by hacking into their subconscious secondly to deprive Earth of all its natural resources by injecting Earth with giant leeches and lastly to abduct the entire human population and take them to their planet to either sell them as slaves or make them work as labour at their interplanetary construction project At the helm is the sinister Allana supreme lord of the Moonians Their weapon of choice is biowarfare so futuristic it seems that there s no hope for humankind Lord Allana s plans to fight dirty by disabling the human subconscious by infecting their victims with a nano virus transferred by nano android mosquitoes The plan is to enslave most of humankind turning them into vessels little more than humanoids controlled by their Moonian masters Caught unawares the alien s intentions seem to be going as planned as unsuspecting humans go down like flies As if this isn t enough when humans are asleep their leeches get hyperactive which are deployed throughout the world and begin working underground These leeches have been programmed to drill down beneath the earth s surface to harvest all the planet s minerals and precious metals and go into hibernation upon being full to be picked up by mother ships at nighttime The plot twists and turns at an exhilarating rate leaving you wondering what s on the next page Right up to the last chapter you ll be in the dark as to how it will all end Ultimately it is a work about coming together and breaking through borders of all countries of the world for humankind to stand up as one and fight against a common enemy instead of against one another

Out of the Dark David Weber,2011 In the stunning launch of a new military SF series DAVID WEBER tells the tale of humanity s near extinction by hostile aliens and of the

surprising alliance that fights back The Akrouix Edgar Nguyen, 2023-06-27 CIA Agent Will Friede is on a top secret intergalactic mission. Or so he thinks. When he comes face to face with the Morleisx, an alien race with advanced technology set on conquering the cosmos, he discovers that he is in a much darker reality. Now an inmate in the Morleisx's prison camp Polorjx on a strange planet called the Akrouix, he has two options: adapt or escape. But with the harsh living conditions of the camp and the abuse of power from both the Morleisx and the Chinese mafia, he realizes that adapting isn't an option. When an alien invasion lands on Earth, Friede knows that any hope of rescue from the U.S. government is gone; he's on his own. It's up to him to rally all of the prisoners to make an escape together, a task that proves difficult when he finds that his fellow inmates from across the globe don't trust each other and they certainly don't trust an American government agent. Together, this band of unlikely allies must not only face the perilous journey of escaping the Akrouix but uncover the reasons why they ended up there in the first place. The governments of Earth have much darker ties to the Akrouix than any of them could have imagined. Can Will Friede and his group of escapees put aside their differences to survive the treacherous terrain of the Akrouix? And more importantly, can they save the world?
