Teddy Suhren Ace Of Aces:

Teddy Suhren, Ace of Aces Teddy Shuren,2011-04-20 Reinhard Teddy Suhren fired more successful torpedo shots than any other man during the war many before he even became a U boat commander He was also the U boat service s most irreverent and rebellious commander his lack of a military bearing was a constant source of friction with higher authority Valued for his good humour and ability to lead his nickname was acquired because he marched like a teddy bear Despite his refusal to conform to the rigid thought patterns of National Socialism his operational successes protected him and he found himself accepted in the highest circles of power in Germany He was one of the lucky third of all U boat crewmen who survived the war largely because his abilities led to a senior land based command He was also one of the first to publish his reminiscences his account being typically forthright its German title Nasses Eichenlaub suggesting that although he was decorated with the Oak Leaves he was always in hot water He died in 1984 but interest in his career was revitalized by the discovery of photographs documenting one of his operations in U 564 published with great success in 2004 as U Boat War Patrol by Lawrence Patterson

U-Boat Attack Logs Daniel Morgan,Bruce Taylor,2011-11-09 During the Second World War over 250 Allied warships from a dozen navies were sent to the bottom by German U boats This ground breaking study provides a detailed analysis of every sinking for which source material survives from both the Allied and the German sides resulting in detailed treatment of the fate of 110 vessels with the remainder summarised in an extensive appendix Uniquely each entry is built around a specialist translation of the relevant segment of the war diary log of the U boat in question taken directly from the surviving originals remarkably this represents the first large scale publication of the U boat war diaries in any language The book offers a wealth of new information not only with respect to the circumstances of the sinkings from both the Allied and German perspectives but also to the technical environment in which they lived as well as the fate of the crews The entries include background details on the vessels concerned and the men involved with a selection of rare and carefully chosen photos from archives and collections around the world Each entry is itself a compelling narrative but is backed with a list of sources consulted including documents published works and websites A decade in the making this is probably the most important book on the U boat war to be published for many a year

The Western European and Mediterranean Theaters in World War II Donal Sexton,2011-10-06 The Western European and Mediterranean Theaters in World War II is a concise comprehensive guide for students teachers and history buffs of the Second World War With an emphasis on the American forces in these theaters each entry is accompanied by a brief annotation that will allow researchers to navigate through the vast amount of literature on the campaigns fought in these regions with ease Focusing on all aspects surrounding the U S involvement in the Western European and Mediterranean theaters including politics religion biography strategy intelligence and operations this bibliography will be a welcome addition to the collection of any academic or research library Routledge Research Guides to American Military Studies provide concise annotated

Submarine Jean Hood,2009 Submarine is almost certainly the first book to bring together eye witness accounts from almost every navy that deployed submarines in WW2 and it is far more than an account of WW2 missions With self deprecating modesty humour pride sadness and sometimes bitterness submariners from Britain Germany the USA Italy France the former USSR and Yugoslavia Norway Greece Poland the Netherlands and Japan describe every facet of operational submarine life from firing torpedoes the illicit distillation of alcohol going to the toilet in heavy weather rescuing a cat and how to treat appendicitis to the terrifying experiences of being depth charged disposing of a bomb escaping a doomed boat and planting charges beneath an enemy warship
