**Classic Fairy Tales and Modern Retellings** Pauline Dewan,2025-09-04 Drawing on the popularity of fairy tale literature and its retellings this guide provides insightful annotations to all the major picture books and novels for children and teens *The Reader's Choice* McGraw-Hill Staff,2001-07 Comprehensive English language arts program **The Gothic Fairy Tale in Young Adult Literature** Joseph Abbruscato,Tanya Jones,2014-07-15 Rooted in the oral traditions of cultures worldwide fairy tales have long played an integral part in children s upbringing Filled with gothic and fantastical elements like monsters dragons evil step parents and fairy godmothers fairy tales remain important tools for teaching children about themselves and the dangers and joys of the world around them In this collection of new essays literary scholars examine gothic elements in more recent entries into the fairy tale genre for instance David Almond s Skellig Neil Gaiman s *The Graveyard Book* and *Coraline* and Lemony Snicket s *A Series of Unfortunate Events* exploring such themes as surviving incest and the capture and consumption of children Although children s literature has seen an increase in reality based stories that allow children no room for escape from their everyday lives these essays demonstrate the continuing importance of fairy tales in helping them live well rounded lives **Literature for Young Adults** Joan L. Knickerbocker,2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters *Literature for Young Adults* includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book s discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading **The Reader's Choice** ,2002 Comprehensive English language arts program [Literature Works: Theme 7.
