Viennese Period:

The Oxford History of Music: The Viennese period, by W.H. Hadow Percy Carter Buck, 1904 The Viennese Period William Henry Hadow, 1904 *The Oxford History of Music: The Viennese period*, 1931 The Jews of Vienna in the Age of Franz Joseph Robert S. Wistrich, 2019-08-18 Robert Wistrich's exemplary scholarly analysis of the Viennese Jewish community in the 19th century is the first well written reliable study of its kind gives elegant portraits of the crucial Jewish figures of the new Viennese politics at the turn of the century focus es on the internal history of the highly diversified Jewish community Wistrich analyzes effectively the genesis of Herzl's Zionism from within the Viennese context Although his sympathies for Zionism are clear he is respectful of Jewish critics of Zionism What is refreshing in his narrative is the absence of retrospective critical moralizing about assimilation and the remarkable participation of Jews in German culture Assimilated Jewish aristocrats and intellectuals even Jews who converted to Christianity are presented with as much evenhandedness as those Viennese Jewish nationalists and traditionalist theologians whose mistrust of assimilation and acculturation as reliable defenses against prejudice seems to have been vindicated by the Holocaust The Jews of Vienna in the Age of Franz Joseph is not merely a descriptive history of Viennese Jewry It vindicates the centrality of Jewishness and anti-Semitism as dynamic and changing forces in the evolution of 19th century Austro-German politics and culture Mr Wistrich's poignant narrative reminds us that the struggle for civic equality social acceptance and economic security by the Jews of 19th century Vienna resulted among other things in a steady stream of diverse and unforgettable contributions to art science and culture Even if the hopes implicit in the political and social struggle of the Jews of Vienna before 1914 were dashed finally by the violence of Nazism Mr Wistrich's book is a moving reminder of what high hopes they were Leon Botstein *The New York Times Book Review* The excellence of his book lies in the high quality of scholarship the sensitivity to nuance the desire to map the entire Jewish response to the crisis of the empire in all its complexity Michael Ignatieff *New York Review of Books* Will be the standard work for some time to come eminently readable Peter Pulzer *London Review of Books* A monumental book which will be indispensable for a long time to come Ritchie Robertson *German History* Wistrich draws all the strands of this complex story very clearly together broadly conceived his book has a compelling dramatic interest and is certain to remain a standard guide to its subject for a long time Roger Morgan *Times Literary Supplement* A paradigm of fine Jewish historical writing and analysis Wistrich builds his work by exhaustively treating the important trends and figures which Viennese Jewry produced Sharon Fleisher *Jerusalem Post* a veritable summa of the religious cultural and political history in which the Viennese Jews were the main agents of change during the decline of the Habsburg monarchy Victor Karady *Liber* Design, Vienna, 1890s to 1930s Joann Skrypzak, Barbara Copeland Buenger, 2003 Barbara Buenger traces the development of Viennese modernism from turn of the century Jugendstil as Art Nouveau was known in German speaking countries to early twentieth century Expressionism and interwar Art Deco This exhibition catalogue features 103

fine and decorative art works produced by the Vienna Secession and Wiener Werkstätte movements between the 1890s and 1930s The fully illustrated catalog features textiles furniture ceramics paintings and prints books metalwork glass and a variety of other objects from a private midwestern collection Distributed for the Chazen Museum of Art University of Wisconsin Madison

Interwar Vienna Deborah Holmes, Lisa Silverman, 2009 New essays providing a wide ranging cultural social and political picture of volatile between the wars Vienna Although beset by social political and economic instabilities interwar Vienna was an exhilarating place with pioneering developments in the arts and innovations in the social sphere Research on the period long saw the city as a mere shadow of its former imperial self more recently it has concentrated on high profile individual figures or party politics This volume of new essays widens the view stretching disciplinary boundaries to consider the cultural and social movements that shaped the city The collapse of the Austro-Hungarian Empire resulted not in an abandonment of the arts but rather led to new forms of expression that were nevertheless conditioned by the legacies of earlier periods The city's culture was caught between extremes from neopositivism to cultural pessimism Catholic mysticism to Austro-Marxism late Enlightenment liberalism to rabid antisemitism Concentrating on the paradoxes and often productive tensions that these created the volume's twelve essays explore achievements and anxieties in fields ranging from modern dance theater music film and literature to economic cultural and racial policy The volume will appeal to social cultural and political historians as well as to specialists in modern European literary and visual culture Contributors Andrea Amort Andrew Barker Alys X George Deborah Holmes Jon Hughes Birgit Lang Wolfgang Maderthaner Therese Muxeneder Birgit Peter Lisa Silverman Edward Timms Robert Vilain John Warren Paul Weindling Deborah Holmes is Researcher at the Ludwig Boltzmann Institute for the History and Theory of Biography in Vienna Lisa Silverman is Assistant Professor of History and Jewish Studies at the University of Wisconsin Milwaukee

Isolde Ahlgrimm, Vienna and the Early Music Revival Peter Watchorn, 2017-07-05 Isolde Ahlgrimm 1914-1995 was an important pioneer in the revival of Baroque and Classical keyboard instruments in her native city Vienna and later throughout Europe and the United States She trained as a pianist at the Musikakademie in Vienna under the instruction of Viktor Ebenstein Emil von Sauer and Franz Schmidt In 1934 she met the musical instrument

collector Dr Erich Fiala whom she married in 1938 His activities opened up the world of early instruments to her Using a 1790 fortepiano by Michael Rosenberger Isolde Ahlgrimm began her career as a specialist on early keyboard instruments with the first in her notable series of Concerte fur Kenner und Liebhaber given in Vienna s Palais Palffy in February 1937 Ahlgrimm s career as a harpsichordist also began in 1937 when a new instrument was commissioned from the Ammer brothers in Eisenberg Germany In 1943 Ahlgrimm performed her first all harpsichord programme which consisted of the Goldberg Variations by J S Bach From 1949 to 1956 she devoted herself to performing and recording nearly all of Bach s harpsichord music for the newly founded Dutch label Philips presenting her new approach to the harpsichord to a wider audience Ahlgrimm s performances of Baroque music represented a radical departure from the distinctly twentieth century interpretations by the much more famous Wanda Landowska and her followers Most obviously Ahlgrimm s harpsichord performances eliminated frequent registration changes her instrument had hand stops rather than pedals to change registers and largely eschewed the massive ritardandi and other anachronistic performance practices that were hallmarks of Landowska s essentially Romantic style Ahlgrimm researched and emphasized rhetorical traditions on which the music was based This became more pronounced throughout the course of her later performing writing and teaching career and it was the beginning of an approach to the performance of eighteenth century musi **Antonio Salieri and Viennese Opera** John A. Rice,1998 Bringing Salieri his operas and eighteenth century Viennese theater vividly to life Rice places Salieri where he belongs no longer lurking in Mozart s shadow but standing proudly among the leading opera composers of his age Rice s research in the archives of Vienna and Budapest and close study of the scores reveal Salieri to have been a prolific versatile and adventurous composer for the stage Countering the old view of Salieri as Mozart s mortal enemy with musical evidence suggesting that Mozart and Salieri learned from and respected one another Rice argues that Salieri s operatic innovations paved the way for some of Mozart s most remarkable achievements A generous selection of excerpts from Salieri s works most previously unpublished will give readers a fuller appreciation for his musical style than was previously possible

Viennese Watercolors of the Nineteenth Century Walter Koschatzky,1988 **The Viennese Period** William Henry Hadow,1939 *Visions of Vienna* Alexandra Seibel,2025-10-01 Vienna with its stunning architecture and unforgettable streetscape has long provided a backdrop for filmmakers *Visions of Vienna* offers a close look at how directors such as Erich von Stroheim Ernst Lubitsch and Max Oph ls made use of the city and how the nostalgic glorification of the Habsburg era can be seen as directly tied to crucial issues of modernity Films set in Vienna Alexandra Seibel shows persistently articulate the experience of displacement due to emigration changing gender relations and anti feminism class distinction and anti Semitism themes that run counter to the ongoing mystification of Vienna as the incarnation of waltz dreams and schmaltz

[Essays on the Viennese Classical Style](#) Howard Chandler Robbins Landon,1970 **Johann Wanhal, Viennese Symphonist** Paul Robey Bryan,1997 The reputation of Johann Wanhal Vanhal as one of the most important eighteenth

century symphony composers has been acknowledged both by contemporaries of his time and ours His music demonstrates the basic changes in the musical styles and compositional concepts that occurred during his lifetime it reveals his extraordinarily fine talent and his role as an innovator a contributor and an influencer of others The biographical section of this volume presents an analysis of the information sources and a new interpretation of Wanhals life and his position in the musical community The thematic catalogue of Wanhals symphonies includes incipits of all the movements and all the copies both manuscript and printed that the author has found Further significant additions to our knowledge of both Wanhals contemporaries and their modi operandi are provided by studies of the manuscript copies themselves They include a record of the groups of copyists along with summaries and samples of the individual copyists hands and the papers they used The descriptions of the manuscripts are complemented by a study of the publishers and their confusing opus number systems as well as pertinent information about the individual symphonies For those interested in Wanhals himself the lists of his autographs and analysis of his handwriting should also be useful From the Preface Winner of the Vincent H Duckles Award for the best book length biography or other research tool in music published in 1997 Congratulations on your outstanding achievement MLA is pleased to recognize your important contribution to the scholarly literature in our field Music Library Association Board of Directors
