Violence Unveiled:

Violence unveiled Gil Bailie,1997 Sacrifice Unveiled Robert J. Daly,2009-06-13 Offers a new understanding of sacrifice as a response to love and an entering into the self giving life of God **Family, Law, and Community** Margaret F. Brinig,2010-05-15 In the wake of vast social and economic changes the nuclear family has lost its dominance both as an ideal and in practice Some welcome this shift while others see civilization itself in peril but few move beyond ideology to develop a nuanced understanding of how families function in society In this provocative book Margaret F Brinig draws on research from a variety of disciplines to offer a distinctive study of family dynamics and social policy Concentrating on legal reform Brinig examines a range of subjects including cohabitation custody grandparent visitation and domestic violence She concludes that conventional legal reforms and the social programs they engender ignore social capital the trust and support given to families by a community Traditional families generate much more social capital than nontraditional ones Brinig concludes which leads to clear rewards for the children Firmly grounded in empirical research Family Law and Community argues that family policy can only be effective if it is guided by an understanding of the importance of social capital and the advantages held by families that accrue it Strange and Gaudy Fruit Jeff Nicoll,2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward A Banqueter's Guide To The All-Night Soup Kitchen Of The Kingdom Of God Patrick T. McCormick,2017-07-14 When Jesus spoke at the table he provided instructions for his disciples to follow A Banqueter s Guide to the All Night Soup Kitchen of the Kingdom of God views those teachings as a set of guidelines for us to follow in all areas of life Through the study of metaphors commonly used to describe the Eucharist this book connects the Eucharist and Jesus words and actions with current issues in society Each chapter defines a metaphor associated with the Eucharist and explores its moral social and ethical implications Readers will become more aware of the need for social justice as they identify with the parables and guidance of Jesus Chapters are Take and Eat Breaking Bread This is My Body and An Unbloody Sacrifice Patrick T McCormick STP is associate professor of Christian

ethics at Gonzaga University Spokane Washington **Murdering Myths** Judith W. Kay, 2005-06-03 In *Murdering Myths The Story Behind the Death Penalty* Judith Kay goes beyond the hype and statistics to examine Americans deep seated beliefs about crime and punishment She argues that Americans share a counter productive idea of justice that punishment corrects bad behavior suffering pays for wrong deeds and victims desire for revenge is natural and inevitable Drawing on interviews with both victims and inmates Kay shows how this belief harms perpetrators victims and society and calls for a new narrative that recognizes the humanity in all of us

Mists of Fire Coates-Kinney, 1899 *Violence and Gender* Kimberly K. Eby, 2004 Using different disciplinary approaches this collection of thoughtful and timely selections focuses on integrating issues related to violence and gender *Violence and Gender* enables readers to learn about these complex issues so they can work to lessen the occurrence of violence in their personal and professional lives The introductory section presents a number of theories of violence that ground readers in different theories and reasons for violent behavior The subsequent sections deal with the topics of gender youth violence domestic violence sexual assault child abuse violence and sports and media representation of violence Because of its comprehensive coverage of many issues this book can serve as an excellent resource for sociologists criminologists justice administrators psychologists therapists and those involved in social work

Violence in American Society Frank McGuckin, 1998 A collection of reprinted articles from various sources concerning such topics as the abuse of women gun control images of violence in the media and prevention of violence *Phoebe*, 2002 *Violence Renounced* Willard M. Swartley, 2000 *Violence, Hospitality, and the Cross* Hans Boersma, 2004 Offers a new model for understanding the atonement sensitive to both the Christian tradition and its postmodern critics *God and Violence* Patricia M. McDonald, 2004 From the medieval crusades to the latest violence in the Middle East warriors have long claimed the Bible s support for their battles Patricia M McDonald argues that many biblical stories read as part of a canon from Genesis to Revelation contain resources for turning violence to service of God and humanity As varied and complex as life itself these narratives can provide us with imaginative possibilities and steady motivation to move beyond the narrow defensiveness and self interest that are becoming ever more problematic in an increasingly interconnected world *First Things*, 2005 *Unveiling Empire* Wes Howard-Brook, Anthony Gwyther, 1999 Confused by end of the world readings or put off by the dense and mysterious imagery many readers hesitate to explore the Book of Revelation *Unveiling Empire* offers a new entrance into this troubling and controversial book of the Bible by examining the roots and social purposes of apocalyptic literature and Revelations own use of traditional imagery In this way the authors provide readers with the tools for deciphering the texts message and its urgent applications for Christians today living amidst a new kind of empire **For René Girard** Sandor Goodhart, 2009-06-17 In his explorations of the relations between the sacred and violence Ren Girard has hit upon the origin of culture the way culture began the way it continues to organize itself The way communities of human beings structure themselves in a manner that is different from that of other species on the planet Like Albert Einstein

Sigmund Freud, Emile Durkheim, Martin Buber, or others who have changed the way we think in the humanities or in the human sciences. Girard has put forth a set of ideas that have altered our perceptions of the world in which we function. We will never be able to think the same way again about mimetic desire, about the scapegoat mechanism, and about the role of Jewish and Christian scripture in explaining sacrifice, violence, and the crises from which our culture has been born. The contributions fall into roughly four areas of interpretive work: religion and religious study, literary study, the philosophy of social science, and psychological studies. The essays presented here are offered as essays in the older French sense of *essais*, attempts, essays, or trials of ideas, as indeed Girard has tried out ideas with us. With a conscious echo of Montaigne, then, this homage volume is titled *Essays in Friendship and in Truth*. **Listening**, 2002 *The Challenge of Terrorism and War*
