Making Sense of "God" Norman Solomon,2023-05-04 All over the world people talk about God and argue endlessly about what God said and what if anything we should do about it Do they know what are they talking about Do they ever seriously consider what it might look like or feel like if God actually spoke to you How could you tell if someone said God spoke to them whether they were deluded bluffing or high on drugs The reflections dialogues and arguments in this book address such questions often with humor sometimes provocatively as when the author suggests the ancient gods have returned to invade the institutions of our great religions or when two spirits William and James viewing the world from afar voice their doubt as to whether the human species will ever attain the pinnacles of cooperation reason beauty and love Ancient texts from the Mayan Popol Vuh through the Bible to the Chinese classics are invoked and the discoveries of modern science from anthropology to zoology are brought into play as the reader is gently led to an appreciation of the role of religious language in modern society
