The Last Princess

Sir Nathaniel William Wraxall

The Last Princess:

The Last Princess Matthew Dennison, 2019-12-12 Beatrice Mary Victoria Feodore later Princess Henry of Battenberg was the last born in 1866 of Victoria and Albert's children and she would outlive all of her siblings to die as recently as 1944 Her childhood coincided with her mother's extended period of mourning for her prematurely deceased husband a circumstance which may have contributed to Victoria's determination to keep her youngest daughter as close to her as possible She would eventually marry Prince Henry of Battenberg in 1885 but only after overcoming her mother's opposition to their union Beatrice remained Queen Victoria's favourite among her five daughters and became her mother's constant companion and later her literary executor spending the years that followed Victoria's death in 1901 editing her mother's journals and voluminous correspondence Matthew Dennison's elegantly written biography restores Beatrice to her rightful place as a key figure in the history of the Victorian age and paints a touching and revealing portrait of the life and family of Britain's second longest reigning monarch [Representations of Japan in South Korean Cinema of the Park Geun-hye Era](#) Russell

Edwards, 2026-03-04 Providing a rare example of a national cinema that has managed to overturn the prevailing global paradigm of Hollywood dominance South Korean films are nevertheless still haunted by the peninsula's earlier colonial history Focussing on a series of films produced during the administration of disgraced and then pardoned President Park Geun-hye 2013-2017 this book examines South Korea's relationship with Japan and how this relationship continues to be negotiated through films and politics Containing detailed discussion of significant and internationally renowned films including *The Age of Shadows* *The Handmaiden* and the domestically popular *The Admiral: Roaring Currents* this informative text is a welcome addition to South Korean Film Studies that will also be valued for its examination of how film cycles operate in non-Hollywood cinema Offering a perceptive look at an underexplored area this book will be embraced by professionals and laypersons intrigued by South Korea and Japan's frequently tense relationship **The Novels and Tales**
