The Anarchist Cookbook:

The Anarchist Cookbook Keith McHenry, Chaz Bufe, Hedges Chris, 2015-09-29 From the cofounder of Food Not Bombs an action oriented guide to anarchism social change and vegan cooking Unlike the original Anarchist Cookbook which contained instructions for the manufacture of explosives this version is both a cookbook in the literal sense and also a cookbook of recipes for social and political change The coffee table sized book is divided into three sections a theoretical section explaining what anarchism is and what it isn't information on organizational principles and tactics for social and political change and finally numerous tasty vegan recipes from one of the cofounders of the international Food Not Bombs movement

The Anarchist Cookbook William Powell, 2018-02-05 The Anarchist Cookbook will shock it will disturb it will provoke It places in historical perspective an era when Turn on Burn down Blow up are revolutionary slogans of the day Says the author This book is not written for the members of fringe political groups such as the Weatherman or The Minutemen Those radical groups don't need this book They already know everything that's in here If the real people of America the silent majority are going to survive they must educate themselves That is the purpose of this book In what the author considers a survival guide there is explicit information on the uses and effects of drugs ranging from pot to heroin to peanuts There is detailed advice concerning electronics sabotage and surveillance with data on everything from bugs to scramblers There is a comprehensive chapter on natural non lethal and lethal weapons running the gamut from cattle prods to sub machine guns to bows and arrows

Over thirty collectives collaborated in testing, composing and editing the book's 62 sections which range from Affinity Groups, Coalition Building and Mental Health to Sabotage, Squatting and Wheatpasting. We live in times when large numbers of people are participating in democracy in deeper and more meaningful ways. From India to the United States to Hong Kong democratic societies have seen movements that have brought about change. They have one thing in common: large scale participation by civil society and individuals and the absence of organized political parties. How can individuals make their participation more effective? This book talks about ways in which the best campaigning organizations in the world effect change in democratic societies: how a citizen can engage with others who are likeminded and how vibrant and participative action by citizens makes democracy better and more responsive. Featuring political cartoons that have the power to inspire outrage or amuse. *The Anarchist Cookbook* is a book for our times. **Recipes for Disaster** CrimeInc Worker's Collective, 2004.
