The Ancient Wisdom:

The Ancient Wisdom (unabridged) Annie Besant,2019-02-23 This book is intended to place in the hands of the general reader an epitome of theosophical teachings sufficiently plain to serve the elementary student and sufficiently full to lay a sound foundation for further knowledge It is hoped that it may serve as an introduction to the profounder works of H P Blavatsky and be a convenient steppingstone to their study Those who have learned a little of the Ancient Wisdom know the illumination the peace the joy the strength its lessons have brought into their lives That this book may win some to con its teachings and to prove for themselves their value is the prayer with which it is sent forth into the world Annie Besant August 1897

The Ancient Wisdom Annie Besant,2018-06-08 The source from which a universe proceeds is a manifested Divine Being to whom in the modern form of the Ancient Wisdom the name LOGOS or Word has been given The name is drawn from Greek Philosophy but perfectly expresses the ancient idea the Word which emerges from the Silence the Voice the Sound by which the worlds come into being We must now trace the evolution of spirit matter in order that we may understand something of the nature of the materials with which we have to deal on the physical plane or physical world For it is in the potentialities wrapped up involved in the spirit matter of the physical world that lies the possibility of evolution The whole process is an unfolding self moved from within and aided by intelligent beings without who can retard or quicken evolution but cannot transcend the capacities inherent in the materials Some idea of these earliest stages of the world s becoming is therefore necessary although any attempt to go into minute details would carry us far beyond the limits of such an elementary treatise as the present A very cursory sketch must suffice Coming forth from the depths of the One Existence from the ONE beyond all thought and all speech a LOGOS by imposing on Himself a limit circumscribing voluntarily the range of His own Being becomes the manifested God and tracing the limiting sphere of His activity thus outlines the area of His universe Within that sphere the universe is born is evolved and dies it lives it moves it has its being in Him its matter is His emanation its forces and energies are currents of His Life He is immanent in every atom all pervading all sustaining all evolving He is its source and its end its cause and its object its centre and circumference it is built on Him as its sure foundation it breathes in Him as its encircling space He is in everything and everything in Him Thus have the sages of the Ancient Wisdom taught us of the beginning of the manifested worlds **ANCIENT WISDOM ANNIE WOOD.
