*Mastering Bitcoin* Adidas Wilson, Bitcoin is a cryptocurrency and a digital payment system invented by an unknown programmer or a group of programmers under the name Satoshi Nakamoto It was released as open source software in 2009 The system is peer to peer and transactions take place between users directly without an intermediary These transactions are verified by network nodes and recorded in a public distributed ledger called a blockchain Since the system works without a central repository or single administrator bitcoin is called the first decentralized digital currency Besides being created as a reward for mining bitcoin can be exchanged for other currencies products and services in legal or black markets As of February 2015 over 100 000 merchants and vendors accepted bitcoin as payment According to research produced by Cambridge University in 2017 there are 2.9 to 5.8 million unique users using a cryptocurrency wallet most of them using bitcoin

Mastering Drones Adidas Wilson, The information below is the reason I wrote this book drones will be commercialized in the future surrounding the year 2025 according to research I ve seen Now is the time as an entrepreneur for making money with drones Commercial drones and their services are expected to become a multibillion dollar industry in the next decade according to a new report from market intelligence firm Tractica The report says that in 2017 drone revenue should amount to 792 million mostly from hardware sales By 2025 Tractica predicts the market will rise to 12.6 billion with two thirds of the revenue coming from drone based services rather than hardware A number of major industries are seeing strong value propositions in utilizing drones for commercial use says Tractica research analyst Manoj Sahi He named media real estate and disaster relief as just a few of the industries that could use drone enabled services The report says that advances in technology economies of scale

cloud based applications and the drive to disrupt the market will contribute to commercial drone success in the coming years
