Spitfire Pilot:

Fighters in the Blood Black' Robertson,2020-08-31 As this fascinating memoir unfolds moving backwards and forwards through time two parallel stories emerge one of a Second World War Spitfire ace whose flying career comes to a premature end when he is shot down and loses an eye the other of his progeny a second generation fighter pilot who eventually reaches the rank of air marshal The narrative is unique in its use of two separate and distinct voices The author's own reminiscences are interwoven with those his father recorded more than thirty years ago embellished by extracts from some 300 of his wartime letters Intensely personal and revealing controversial too at times this account is above all about people not least those with whom the author flew while serving with the USAF a tour marked by tragedy that said they proved altogether more friendly than the P 38 pilots who twice attacked his father in North Africa A daughter with dual citizenship subsequently helped him sustain his links with the US both while serving and afterwards in business The irony is that the son spent a lifetime training for the ultimate examination one that despite strictly limited preparation his father passed with flying colors To Black Robertson's eternal regret he was never able to put his own training to the test His father Robbie was awarded the DFC and retired as a flight lieutenant after five years or so He himself served for nearly thirty six years earned a Queen's Commendation an OBE and CBE and served as an ADC to HM The Queen But after reaching almost the top of the RAF tree in one important sense he retired unfulfilled his mettle was never tested under fire Anyone interested to know more about flying about the RAF about leadership about character even need look no further than this beautifully crafted immensely readable account

Spitfire! Dilip Sarkar,2019-09-30 A really excellent detailed comprehensive and moving history of 19 Squadron RAF during the Second World War from the author of Arnhem 1944 Clash of Steel As a child Dilip Sarkar was fascinated by the haunting image of an anonymous RAF Spitfire pilot Taken minutes after landing from a Battle of Britain combat this was Squadron Leader Brian Lane DFC the commander of 19 Squadron based at Fowlmere Deeply moving was the discovery that in 1942 Brian was reported missing after a futile nuisance raid over the Dutch coast During the mid 1980s Dilip began researching the life and times of both Brian Lane and 19 Squadron forging close friendships with many of the unit s surviving Battle of Britain pilots and support staff Nearly thirty years later sadly all of the survivors are now deceased but Dilip s close relationship has provided a huge archive of correspondence and interviews in addition to a unique photographic collection Furthermore the author a retired police detective has thoroughly investigated the life and death of Squadron Leader Lane This completely new Spitfire covers everything we would ever need to know about such a unit during the critical pre and early war period the social political aviation and military history all in one volume emphasizing the human experience involved and the stories of casualties With an immense photographic collection many published here for the first time this book is destined to become a classic The most thorough book about any squadron in RAF service during the Battle of Britain an impeccable source of information and a gripping story Most Highly Recommended Firetrench **Blue Skies** Bill

and ownership in Clowne might be said to be as meticulous as the records in the Doomsday book But what makes this volume most valuable is the author s memories and insights into that ballerina of the skies the Spitfire the key player in the Battle of Britain And who better qualified to sing these praises than a Spitfire pilot For out of Clowne came Geoffrey Lewis a living legend now in his eighties one of our heroes who gives us first hand information about his Spitty apart from the absorbingly interesting account of his aircraft training in Prince Albert in Canada prior to engaging battle in Britain **Strong to Serve** Joseph Mack,2022-03-01 Following training in Australia Canada and the UK Fred Riley flew Spitfires with No 130 Punjab Squadron RAF from October 1943 until December 1944 Flying the Spitfire Mk V he escorted bombers flew fighter sweeps and undertook hazardous patrols on D Day With a new Spitfire Mk XIV Fred intercepted V 1 flying bombs aimed at London Later from the Netherlands and Belgium he conducted anti jet and low level sorties over those countries and into Germany During one such flight Fred and his colleagues were surprised by a superior force of Luftwaffe fighters Fred s logbook records historically significant names places and events He served with notable aces escorted General Eisenhower and protected transport aircraft during Operation Market Garden The logbook ends on 22 December 1944 Fred was shot down and severely injured while supporting beleaguered American forces However it is Fred s memories of instructors fellow trainees and the pilots he flew with that are most enlightening This account details Fred s journey to becoming a fighter pilot and his remarkable recollections of combat over the UK and Europe It also highlights the courage achievements and sacrifices of the men of 130 Squadron a multi national group of pilots who lived up to their motto Strong to Serve

by fighter escorts and shoot down as many as possible The Spitfires were bomb scarred and battered Oftentimes they could only get two or three in the air together and the airfields were riddled with bomb craters but they managed to keep going and make their mark on enemy operations Barnham has written a powerful account of his experiences in Malta starting with his trip in an American aircraft carrier through the ceaseless battle and turmoil during the desperate defense of the island through his departure by air back to England having seen the reinforcements safely landed and the tide of battle turning With thrilling and terrifying descriptions and illustrations of the air action this account told with humor and compassion is one of the best firsthand accounts of aerial combat ever written
