## **Novel Time Travel Paradox:**

The Grandfather Paradox Steven Burgauer, 2017-01-17 Marooned in the present their only hope for the future lay in the past But first there was still the small matter of staying alive The planet they were marooned on was crawling with bird beasts immense parrotlike carnivores that stood two meters tall weighed upwards of fifty kilograms and had a giant scooped beak like a pelican They normally swallowed their prey whole though not before crushing them to death in their vise like jaws Then there were the vipers writhing snake like creatures armed with dozens of sucker bearing tentacles They sprayed their victims with acid then ate them while they were still alive But it got worse Much worse Now join Andu Nehrengel and his female clone companions on an intense voyage through time First stop the Civil War and the Battle of Shiloh April 1862 one of the most horrendous land battles of all time Meet Mark Twain when he is still a riverboat pilot Journey with him north to Missouri when he joins the Confederacy Then it's back to the future and on to Mars And when you're done reading this adventure check out these other fine books by author Steven Burgauer *The Night of the Eleventh Sun* *The Road To War* *Duty Drill Courage* *Capture* and his newest historical fiction piece *Nazi Saboteurs on the Bayou* with a short video trailer <https://www.youtube.com/watch?v=nQs2pwr89RI>

**The Art of the "What-If?"** Paul J. Nahin, 2026-02-11 Contrary to popular belief the goal of science fiction SF is not the prediction of the future but rather to explore the multitude of possible futures That is SF is the literature of what if scenarios This book explores more than a dozen such possibilities with each chapter ending with a fictional illustration of the theme of that chapter time travel topology alternate worlds computer intelligence tests for politicians invisibility and more The fictional treatments ask and sometimes answer questions like What might happen if you discovered how to induce nuclear fusion in room temperature water Could a combat soldier and an intelligent lethal weapon develop a deep emotional relationship If an archeologist using x rays discovered the lost casket of Jesus in an Egyptian museum would he open it If he did what might he find This tale appeared in print two years before the release of *Raiders of the Lost Ark* What if you received a letter addressed specifically to you from a man who died decades before you were born Could a little boy who tries to fix the family television set save Earth from an interstellar invasion In 1971 D B Cooper high jacked a commercial airliner and then bailed out with a 200 000 ransom into a snowstorm and vanished forever Or did he What might happen if you ate a four dimensional doughnut The stories in this book will challenge your imagination and perhaps make you wonder Well maybe that could happen
