The Sangh Parivar A Reader:

The Sangh Parivar Christophe Jaffrelot,2005 This book is a collection of essays on the Sangh Parivar including the RSS the BJP and the Bajrang Dal that trace the rise of the right wing in Indian politics New Cultural Identitarian Political Movements in Developing Societies Sebastian Schwecke,2012-12-06 Applying an intercultural and comparative theoretical approach across Asia and Africa this book analyses the rise and moderation of political movements in developing societies which mobilise popular support with references to conceptions of cultural identity The author includes not only the Hindu nationalist movement but also many Islamist political movements in a single category New Cultural Identitarian Political Movements NCIPM Demonstrating significant similarities in the pattern of evolution between these and European Christian Democracy the book provides an instrument for the analysis of these movements outside the parameters of the fundamentalism debate The book looks at a number of key variables for understanding the evolution of NCIPM and it goes on to analyse the transition of developing societies from rent based political economies to capitalism and the partial failure of this transition process It argues that there is a need to incorporate economic and class analysis in the study of political processes in developing societies against the continuing emphasis on cultural factors associated with the cultural turn of social sciences The book is an interesting contribution to studies in South Asian Politics as well as Comparative Politics

Migration to India from the current geographical and political entity called Bangladesh is more than a century old and had begun long before the nation states were created in South Asia Often termed as foreigners and infiltrators Bangladeshi migrants such as Felani find their way into India for the promise of a better future Post 1971 there has been a steady movement of people from Bangladesh into India both as refugees and for economic need making this migration a complex area of inquiry This book focuses on the contemporary issue of undocumented Bangladeshi migration to the three Indian states of Assam West Bengal and Delhi and how the migrants are perceived in light of the ongoing discourses on the various nationalisms in India Each state has a unique history and has taken different measures to respond to Bangladeshi migrants present in the state Based on extensive fieldwork and insightful interviews with influential members from key political parties civil society organizations and Hindu and ethnic nationalist bodies in these states the book explores the place and role of Bangladeshi migrants in relation to the inherent tension of Indian nationalism
