It s completely natural to become a parent it s anything but natural to raise a child In A Parent s Primer early childhood
professional Janet Munson shares some of the tips that at first glance may seem simple rational and logical but it s not
uncommon to suddenly realize that in the family construction the tail is wagging the dog and thoughtful considerations have
been abandoned Munson s lessons tips and stories are simple logical and rational yet not always natural for young parents to
follow especially when they are in the throes of the typical day to day chaos that rules a family However when a parent

doesn t have to be crazy and uncontrollable With just a little planning and discipline parents will find that life with young
children can be smooth simple and fun The easy to read pages contain tips and true stories that Munson has compiled over
the years Use this book as a parenting road map to help your children grow up with a strong sense of balance and love that
